## A MESSAGE FROM THE SECRETARIAT

As the new year begins, everything is renewed. With cherished memories of the past and bright hopes for the future, we step together into the promising year of 2026.

Looking back on 2025, we embraced “innovation” as our annual theme and guiding principle. Over the past year, with the joint efforts of all of you, this vision has been deeply integrated into every initiative of the BRLCN.

Innovation lies in broadening our focus, allowing the voices of youth to be heard by the world. Our flagship event, the Belt and Road Forum for Language and Culture Collaboration, was successfully held in Beijing. This year's forum achieved a significant shift in perspective—moving from a focus on educational institutions to engaging with Generation Z, the core of education. We created a multidimensional dialogue space that brought together schools, teachers, and students, turning the forum into a true platform for young minds to exchange ideas and express themselves. In resonance with this, the “Round-table with TESOL Presidents,” participated in by seven council members, also shifted its focus from macro-level educational management to the practical topic of “how to cultivate cross-cultural communication skills among Generation Z.” This stems from our shared belief that young people are the envoys of mutual learning among civilizations and the key force shaping the future.

Innovation lies in deepening our content, building bridges of dialogue across borders. The Global English Education China Assembly, again yielded fruitful outcomes. For the first time, the assembly featured the “Bridging Cultures: An ELT Dialogue” session, exploring language teaching practices in basic education and successfully establishing a vibrant platform for global classroom observation and exchange. English teachers from Malaysia, Mongolia, Azerbaijan, Kazakhstan, Russia, Indonesia, Vietnam, and China shared their experiences, showcasing the rich diversity of language education and culture. The success of this event, particularly the new session, owes much to the crucial role played by our overseas council members in content planning and international coordination.

Innovation also lies in uniting like-minded partners, strengthening the power of collaboration. Most delightfully, over the past few months, the BRLCN family has welcomed several new academic partners: Tribhuvan University (Nepal), Jashore University of Science and Technology (Bangladesh), University of Rajshahi (Bangladesh), Universiti Malaya (Malaysia), Mandakh University (Mongolia), Voronezh State University (Russia), University of Auckland (New Zealand), Society for Anglo Chinese Understanding (UK), Asociación Colombiana de Profesores de Inglés (Colombia) and Angolan English Language Teachers' Association (Angola). Their inclusion has infused new energy and perspectives into our alliance. Let us once again extend a warm welcome to our new members!

2026 marks the Year of the Horse in the Chinese lunar calendar. The horse symbolizes resilience, progress, and far-reaching vision. We hope the BRLCN will advance like a steadfast steed—combining the steady perseverance of “moving forward without haste” with the dynamic attitude of “advancing with sure and swift steps” to seize the opportunities ahead.

The road before us is vast and filled with possibilities. Let us continue to stand shoulder to shoulder, with language as our vessel and culture as our sail, navigating toward a broader future and embracing a brilliant 2026 for each and every one of us.

新元肇启，万象更新。我们怀着对过往的珍视与对未来的憧憬，共同迈入了充满希望的2026年。

回望2025年，我们以“创新”为年度主题与行动指南。这一年，联盟在各位的携手努力下，将这一理念深深融入到了每一项工作之中。

创新，在于拓宽主体，让青年的声音被世界听见。我们的旗舰活动“一带一路”语言教育文化论坛在北京成功举办。本届论坛实现了重要视角转换，从聚焦教育机构延伸至关注Z世代青年。我们构建了融合学校、教师与学生的立体对话场，使其成为青年思想碰撞、表达自我的舞台。与之呼应，七位理事单位主席参与的“国际TESOL主席对话”，也将议题从宏观教育管理下沉至“如何培养Z世代的跨文化沟通能力”。因为我们深信，青年是文明互鉴的使者，是塑造未来的关键力量。

创新，在于深化内涵，让对话的桥梁跨越国界。我们的品牌项目“国际英语教育中国大会”再结硕果，大会首次设立了“中外文化教学对话”专题，初探基础教育教学实践，成功搭建了全球课堂观摩与研讨的平台。来自马来西亚、蒙古、阿塞拜疆、哈萨克斯坦、俄罗斯、印度尼西亚、越南及中国的英语教师同台分享，展现了语言教育文化的多样风采。活动的成功，特别是新专题的设立，正得益于各海外理事单位在内容策划与国际联络中发挥的关键作用。

创新，更在于凝聚同道，让合作的力量不断壮大。最令人欣喜的是，联盟的大家庭在过去几个月迎来了多位新的学术伙伴：尼泊尔特里布文大学、孟加拉国拉吉沙希大学、孟加拉国贾肖尔科技大学、马来西亚马来亚大学、蒙古曼达赫大学、俄罗斯沃罗涅日国立大学、新西兰奥克兰大学、英中了解协会、哥伦比亚英语教师协会和安哥拉英语教师协会。他们的加入，为我们注入了新的活力与视野。让我们再次以热烈的掌声，欢迎新成员的到来！

2026年，是中国农历的马年。马，象征着坚韧、进取与致远。我们期待联盟如骏马前行，既有“不疾而速”的沉稳定力，久久为功；亦有“蹄疾步稳”的奋进姿态，把握机遇。

前路浩荡，万事可期。让我们继续并肩，以语言为舟，文化为帆，共同驶向广阔的未来，迎接属于我们每一个人的、璀璨的2026年！

## THE SECOND SINO-FRENCH EDUCATION DEVELOPMENT FORUM OPENS IN CHENGDU, SICHUAN PROVINCE

第二届中法教育发展论坛在四川成都举行

Sino-French Higher Education Cooperation Agreements signed.

The Second Sino-French Education Development Forum was held in

Chengdu, Sichuan Province on December 5. The opening ceremony featured keynote speeches by Huai Jinpeng, Minister of Education of China, and Philippe Baptiste, French Minister of Higher Education, Research and Space. Huai said that the ongoing technological revolution and industrial transformation are posing unprecedented challenges to education, and China and France, as globally influential countries, have both the will and capacity to cooperate closely and jointly contribute "Sino-French educational wisdom" to address shared global challenges. During the forum, universities from both countries reached 54 cooperative outcomes, covering areas such as joint dual-degree training programs, cooperative education initiatives, student exchange programs, joint research laboratories, and the construction of overseas campuses. Representatives from many universities discussed topics including building future-oriented talent cultivation systems, promoting sustainable development, exploring innovative humanities and social science pathways to address major global challenges, and advancing balanced and sustainable student mobility. ## 2025 GLOBAL MOOC AND ONLINE EDUCATION CONFERENCE OPENS IN MEXICO

### 2025 世界慕课与在线教育大会在墨西哥举行

Li Luming, President of Tsinghua University, delivers a keynote speech at the 2025 Global MOOC and Online Education Conference.

The 2025 Global MOOC and Online Education Conference was held at the National Autonomous University of Mexico from December 2 to

4. The Conference, under the theme “Education Without Borders · Intelligent Future”, released the Report on the Digital Development of Global Higher Education (2025) and the Digital Development Index of Global Higher Education (2025). Participants discussed topics such as the transformation of educational paradigms, industry-education integration and the global education ecosystem, the ethics and governance of artificial intelligence, and visions for educational quality and equity.

A new global concept of “Smart MOOCs” was proposed, and exemplary smart MOOCs were unveiled, including “Chemical Thermodynamics” from Tsinghua University and “Introduction to Artificial Intelligence” from Zhejiang University. The concept defines a new course paradigm that reshapes the full teaching-learning-management-assessment process through intelligent technologies. The event also issued the Mexico City Declaration and held an Intelligent Education Achievement Exhibition, showcasing future education concepts and scenarios centered on “Future Teachers”, “Future Classrooms”, “Future Learning Centers” and “Future Schools.”

## BEIHANG UNIVERSITY

### Agreement Signed with the Écoles Centrale Group

北京航空航天大学与法国中央理工集团签署合作协议

During the 2nd Sino-French Education Development Forum, a dual-degree cooperation agreement between Beihang University and the Groupe des Écoles Centrales was showcased as one of eleven representative agreements, marking a new milestone in their partnership.

Under this agreement, 30 French students will be recruited annually for dual-degree exchanges in China. After completing a period of study in the country, these students will be eligible to receive a Master's degree awarded by the Chinese side. By integrating premium educational resources from both nations, the program establishes a joint cultivation system that bridges Chinese and Western academic traditions, providing students with a bicultural learning environment and a broader platform for development. The initiative will support the regularized intake of French students for dual-degree programs in China in collaboration with leading French universities, and contribute to advancing the "10,000 students in three years, doubling exchanges with Europe" initiative.
